Documentation	Not specified	Although employers can require employees to identify the basis for requesting leave, they cannot require a doctor's note or other documentation to substantiate an absence.	Cannot be requested	Employer may require a doctor's note or other documentation	An employer may not require a doctor's note or other documentation for the use of Emergency Paid Sick Leave, except as certification of an underlying health condition	An employer may request the basis for SPSSL; provided, however, that a doctor's note or other documentation is not required.	An employer may require an employee to identify the basis for requesting Public Health Emergency Leave, but may not require the disclosure of health information or other documentation (including but not limited to a doctor's note)	Not specified	An employer may request information supporting an employee's request for Supplemental Paid Sick Leave, as provided in the FFCRA or in the applicable regulations or guidance issued by the United States Department of Labor.	Only specifies that for an employee or family member instructed to isolate "a written note from a medical provider is not required".	An employer may request the basis for SPSSL but may not require employees to furnish a doctor's note or other documentation.
Employer Offset	- SPSSL is in addition to leave provided under California Paid Sick Leave. - An employer may not require an employee to use any paid or unpaid leave or time off prior to or instead of SPSSL. - Employees who, as of April 16, 2020, provide leave of equivalent or greater value than, and for the same reasons for use as, SPSSL are not required to provide additional leave	- Employees do not need to exhaust sick leave or other accrued leave prior to using SPSSL. - An employer's obligation to provide paid supplemental sick leave benefits under the ordinance may be reduced for every hour an employer provided an employee with paid leave in an amount equal to or greater than the ordinance's requirements, not including previously accrued hours, on or after March 4, 2020, for any of the purposes described the ordinance or in response to an Employee's inability to work due to COVID-19. - Employers with paid leave or paid time off (PTO) policies that provide at least 160 hours of paid leave annually are not required to provide SPSSL.	- An employer's obligation to provide 80 hours of Supplemental Paid Sick Leave is reduced for every hour an employer allowed an employee to take paid leave in an amount equal to or greater than the Order's requirements, not including previously accrued hours, on or after March 4, 2020, for the reasons outlined above or in response to an employee's ability to work due to COVID-19. - If an Employer has a paid leave or paid time off policy that provides a minimum of 160 hours of paid leave annually, the Employer is exempt from any obligation to provide supplemental leave pursuant to this Order for the Employee that received the more generous paid leave.	- SPSSL is in addition to any paid time off available to an employee under the California Paid Sick Leave law. - However, if an employer provided additional paid leave for COVID-19 related purposes ("Voluntary COVID-19 Leave"), above and beyond an employee's regular or previously accrued leaves (e.g., sick or personal leaves), the obligation to provide SPSSL is reduced for every hour an employer allowed an employee to take the Voluntary COVID-19 Leave on or after March 31, 2020	- Employees may elect to use EPSL before using any other leave the employer provides voluntarily or per the pre-existing Oakland Paid Sick Leave law. Employers cannot require employees to use other leave before they use COVID-19 EPSL. - Time provided under FFCRA's Emergency Paid Sick Leave Act may be credited against Oakland EPSL obligations. - The obligation to provide EPSL does not apply to any employer that, after February 3, 2020: (1) Provides employees with the ability to accrue at least 160 hours of paid personal leave, if: a. each employee has immediate access to at least 80 hours of leave after May 12 for uses the EPSL ordinance requires; and b. any employee who used paid personal leave before May 12 and has fallen below 80 hours of accrued paid leave as of May 12, be provided additional leave to bring his or her paid personal leave balance up to 80 hours, to be used for purposes the EPSL ordinance requires OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSL ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employer was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	- SPSSL is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSSL. - If an employer has granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020 specifically for use for COVID-19-related matters, the employer may use those leave hours as a credit against the number of SPSSL hours required by this section. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- Employees may, but are not required to, use other accrued paid time off before using PHEL. - PHEL is in addition to any paid time off an employer offered or provided employees on or before April 17. - However, an employer's obligation to offer PHEL may be reduced for every hour the employer allowed an employee to take paid time off for reasons consistent with those outlined under the ordinance on or after February 25, 2020, not including any previously accrued hours. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- Does not apply to any employer that provides its employees with some combination of Paid personal leave at least equivalent to the Paid Sick time required by this Ordinance. If such employer provides some combination of paid personal leave less than the Paid Sick time required by this Ordinance, the employer must comply with this Ordinance to the extent of such deficiency. - Guidance/opinion letter: Employees covered by the Ordinance are required to provide, on the Ordinance effective date, at least the number of paid sick leave hours required by the Ordinance, regardless of paid sick leave accrued or used by the employee prior to the effective date. The employer must provide the amount of sick leave hours needed to bring the employee up to the total hours required by the Ordinance.	- SPSSL is in addition to and independent of any form of leave (e.g., vacation, sick, or personal leaves) to which an employee may be entitled to utilize pursuant to the employer's policies. - An employer may not require an employee to use any other paid or unpaid leave, paid time off, or vacation time before or in lieu of SPSSL. - If an employer provided additional paid leave specifically for COVID-19 related purposes ("Voluntary COVID-19 Leave") above and beyond an employee's regular or previously accrued leaves (e.g., sick or personal leaves) between March 17 and June 30, 2020, or provided supplemental leave pursuant to the laws of another jurisdiction requiring the provision of additional paid leave specifically for COVID-19 related purposes at any time, the obligation to provide SPSSL under this Ordinance may be reduced for every hour the employee was permitted to take such leave. If an employer provided Voluntary COVID-19 Leave to an employee at a rate of pay or hourly accrual rate less than that provided by SPSSL, then such amounts or hours may be offset against such rates and hours as the employee would have received under SPSSL.	- This ordinance is intended to provide additional COVID-related paid sick leave beyond what an employer normally provides. - Does not apply to any employer that has provided its employees, as of July 7, 2020, with some combination of paid personal leave at least equivalent to the paid sick time required by this ordinance for a COVID-related leave. An employer that provides some combination of paid sick leave less than the paid sick time required by this chapter is required to comply with this chapter to the extent of such deficiency.	- SPSSL is in addition to any paid time off available to an employee under the California Paid Sick Leave law as well as any preexisting paid time off (vacation, sick and/or PTO) subject to employees prior to March 16, 2020, subject to the below potential offsets. An employer may not require an employee to use any other paid or unpaid leave, sick pay, paid time off, or vacation time provided by the employer to the employee before the employee uses SPSSL. - If an employee has at least 80 hours of accrued paid sick leave benefits as of August 18, 2020, or at least 160 hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide SPSSL will be considered satisfied. If accrued paid sick leave benefits afforded employees as of August 18 are less than 80 hours, or Accrued Leave Benefits are less than 160 hours, an employer is required to furnish SPSSL to the extent of such deficiency.

Documentation	Employers may require documentation, but only as consistent with what the Family and Medical Leave Act (FMLA) permits and with the additional limitation that the employee be allowed to provide the documentation (1) upon return from leave, and (2) in the form of his or her own written statement instead of documentation directly from a healthcare provider.	Supporting documentation may be requested, consistent with FFCRA requirements.	Employers may request "reasonable" certification for absences of three or more consecutive working days. When certification is requested, the employee is not required to provide it until one week after returning to work. Employers who do not contribute to employees' health care premiums may not request documentation.	Not specified	see How to Apply - refer also to 4/19 Order above	Not specified	Hiring Entities may require oral or written verification for leave exceeding three consecutive days, except during a civil emergency proclaimed by a public official in response to COVID-19. The request must be made in a manner that does not result in an unreasonable burden for the worker, or intrude upon the worker's privacy. The worker must be allowed at least 10 days to provide such verification.
Employer Offset	- If an employer already provides the paid leave necessary to meet the Rules, then the employer does not need to provide additional leave. However, if an employer does not already provide enough paid sick leave to comply with these rules, it will have to provide additional paid sick leave to meet the rules' requirements. - Also, if an employee already exhausted any paid leave allotted by the employer, but then has flu-like symptoms and is being tested for COVID-19 or is under instructions from a health care provider to quarantine or isolate due to a risk of having COVID-19, he or she is entitled to the additional paid sick days the Rules provide	Consistent with FFCRA (29 C.F.R. 826.160(a),(b)); see also FFCRA FAQ #32: - HFWA-required leave must be provided in addition to leave under an employer policy that existed prior to April 1, 2020, and an employee may first use HFWA-required paid leave before using any other leave under an employer policy that existed prior to April 1, 2020. - Compliance can be through a paid leave policy not limited to COVID-19 that an employer adopted on or after April 1, 2020, if it (A) provides the same quantity and pay rate of leave as HFWA, for all situations HFWA covers, and (B) lets employees take HFWA-required leave even if they already used their leave under the policy for other purposes (e.g., a vacation or a non-COVID-related health need). - Additional guidance may be found in Interpretive Notice & Formal Opinion (INFO) #6A (Notice link below).	- Employees may only use public health emergency leave concurrently with or after exhausting other company, federal (including FFCRA) or district entitlement. - If used concurrently , the employer may reduce the payment under emergency leave by the amount provided by other paid leave. - If an employee elects to use paid leave provided under this section after exhausting other paid leave , the employer may reduce the number of hours of paid leave an employee may use under this section by the number of hours of paid leave taken under federal or District law or the employer's policies. - Nothing in this section shall be construed to require an employer to provide an employee with paid leave pursuant to this section for more than 2 full weeks of work up to 80 hours. If an employee uses all of the leave available under this section and subsequently informs the employer of a continued need to be absent from work, the employer shall inform the employee of any paid or unpaid leave to which the employee may be entitled pursuant to federal or District law or the employer's policies.	- Leave is in addition to any other leave to which the employee may be entitled, but may be deducted from leave for the employee's own health needs provided under FFCRA's Emergency Paid Sick Leave Act (EPSLA)(5102(a)(1)-(3))	- EPFL is separate from other accrued paid time off	- For Full-Time workers (as defined above) employers must substitute this paid leave with any other paid sick leave provided (including WA statutory paid sick leave) if that leave is immediately and similarly available.	- Hiring Entities may subtract the amount of compensation provided to a gig worker for other paid leave used for purposes covered under this ordinance between October 1, 2019 and July 13, 2020
