An employer may request the basis for SPSP but may not require employees to furnish a doctor's note or other documentation.
Employer Offset	- SPSP is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave). - A Hiring Entity may not require an employee to use any paid or unpaid leave or time off prior to or instead of SPSP. - Hiring Entities who, as of April 16, 2020, provide leave of equivalent or greater value than, and for the same reasons for use as, SPSP are not required to provide additional leave	- SPSP is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave), but is not in addition to any leave provided under Executive Order N-51-20 (for food sector workers) or SPSP provided under similar federal or local law - that time may be counted toward entitlement under this law. - A Hiring Entity may not require an employee to use any paid or unpaid leave, paid time off, or vacation time prior to or instead of SPSP. - If a Hiring Entity already provides a covered worker with a supplemental benefit, such as supplemental paid leave, that is payable for the reasons covered by and at the same or a greater level of compensation as this law, then the Hiring Entity may count the hours of the other paid benefit or leave towards the total number of hours of SPSP that the Hiring Entity is required to provide to the employee. - For non-food sector workers - If a Hiring Entity already provided supplemental paid leave between March 4, 2020, and the effective date of this section for the reasons covered under this law but did not compensate the covered worker in an amount equal to or greater than the amount of compensation required under this law, the Hiring Entity may retroactively provide supplemental pay to the covered worker to satisfy the compensation requirements, in which case those hours may count towards the total number of SPSP required.	- Employees do not need to exhaust sick leave or other accrued leave prior to using SPSP. - An employer's obligation to provide paid supplemental sick leave benefits under the ordinance may be reduced for every hour an employer provided an employee with paid leave in an amount equal to or greater than the ordinance's requirements, not including previously accrued hours , on or after March 4, 2020, for any of the purposes described in the ordinance or in response to an employee's inability to work due to COVID-19. - If an Employer has a paid leave or paid time off policy that provides a minimum of 160 hours of paid leave annually, the Employer is exempt from any obligation to provide supplemental leave pursuant to this Order for the Employee that received the more generous paid leave. - Employers with paid leave or paid time off (PTO) policies that provide at least 160 hours of paid leave annually are not required to provide SPSP.	- An employer's obligation to provide 80 hours of Supplemental Paid Sick Leave is reduced for every hour an employer allowed an employee to take paid leave in an amount equal to or greater than the Order's requirements, not including previously accrued hours , on or after March 4, 2020, for the reasons outlined above or in response to an employer that, after February 3, 2020, (1) Provides employees with the ability to accrue at least 160 hours of paid personal leave, if: a. each employee has immediate access to at least 80 hours of leave after May 12 for uses the EPSP ordinance requires; and b. any employee who used paid personal leave before May 12 and has fallen below 80 hours of accrued paid leave as of May 12, be provided additional leave to bring his or her paid personal leave balance up to 80 hours, to be used for purposes the EPSP ordinance requires. OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSP ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employee was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	- SPSP is in addition to any paid time off available to an employee under the California Paid Sick Leave law. - However, if an employer provided additional paid leave for COVID-19 related purposes ("Voluntary COVID-19 Leave"), above and beyond an employee's regular or previously accrued leaves (e.g., sick or personal leaves), the obligation to provide SPSP is reduced for every hour an employer allowed an employee to take the Voluntary COVID-19 Leave on or after March 31, 2020	- Employees may elect to use EPSP before using any other leave the employer provides voluntarily or per the pre-existing Oakland Paid Sick Leave law. Employers cannot require employees to use other leave before they use COVID-19 EPSP. - Time provided under FFCRA's Emergency Paid Sick Leave Act may be credited against Oakland EPSP obligations. - The obligation to provide EPSP, does not apply to any employer that, after February 3, 2020: (1) Provides employees with the ability to accrue at least 160 hours of paid personal leave, if: a. each employee has immediate access to at least 80 hours of leave after May 12 for uses the EPSP ordinance requires; and b. any employee who used paid personal leave before May 12 and has fallen below 80 hours of accrued paid leave as of May 12, be provided additional leave to bring his or her paid personal leave balance up to 80 hours, to be used for purposes the EPSP ordinance requires. OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSP ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employee was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	- SPSP is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSP. - If an employer has granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020, specifically for use for COVID-19-related matters, the employer may use those leave hours as a credit against the number of SPSP hours required by this ordinance. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- SPSP is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSP. - If an employer has granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020, specifically for use for COVID-19-related matters, the employer may use those leave hours as a credit against the number of SPSP hours required by this ordinance. - If an employee is entitled to leave hours pursuant to Executive Order N-51-20 (now codified by AB1867), the employer may use those leave hours as a credit against the number of SPSP hours required by this ordinance.	- Employees may, but are not required to, use other accrued paid time off before using PHEL. - PHEL is in addition to any paid time off an employer offered or provided employees on or before April 17. - However, an employer's obligation to offer PHEL may be reduced for every hour the employer allowed an employee to take paid time off for reasons consistent with those outlined under the ordinance on or after February 25, 2020. not including any previously accrued hours. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- Does not apply to any employer that provides its employees with some combination of Paid personal leave at least equivalent to the Paid Sick time required by this Ordinance. If such employer provides some combination of paid personal leave less than the Paid Sick time required by this Ordinance, the employer must comply with this Ordinance to the extent of such deficiency. - <i>Guidance/opinion letter:</i> Employers covered by the Ordinance are required to provide, on the Ordinance effective date, at least the number of paid sick leave hours required by the Ordinance, regardless of paid sick leave accrued or used by the employee prior to the effective date. The employer must provide the amount of sick leave hours needed to bring the employee up to the total hours required by the Ordinance.	- SPSP is in addition to and independent of any form of leave (e.g., vacation, sick, or personal leave) to which an employee may be entitled to utilize pursuant to the employer's policies. - Does not apply to any employer that has provided its employees, as of July 7, 2020, with some combination of paid personal leave at least equivalent to the paid sick time required by this ordinance for a COVID-related leave. An employer that provides some combination of paid sick leave less than the paid sick time required by this chapter is required to comply with this chapter to the extent of such deficiency.	- This ordinance is intended to provide additional COVID-related paid sick leave beyond what an employer normally provides. - Does not apply to any employer that has provided its employees, as of July 7, 2020, with some combination of paid personal leave at least equivalent to the paid sick time required by this ordinance for a COVID-related leave. An employer that provides some combination of paid sick leave less than the paid sick time required by this chapter is required to comply with this chapter to the extent of such deficiency. - If an employee has at least 80 hours of accrued paid sick leave benefits as of August 18, 2020, or at least 160 hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide SPSP will be considered satisfied. If accrued paid sick leave benefits afforded employees as of August 18 are less than 80 hours, or Accrued Leave Benefits are less than 160 hours, an employer is required to furnish SPSP to the extent of such deficiency.

Documentation	Employers may require documentation, but only as consistent with what the Family and Medical Leave Act (FMLA) permits and with the additional limitation that the employee be allowed to provide the documentation (1) upon return from leave, and (2) in the form of his or her own written statement instead of documentation directly from a healthcare provider.	Supporting documentation may be requested, consistent with FFCRA requirements.	Employers may request "reasonable" certification for absences of three or more consecutive working days. When certification is requested, the employee is not required to provide it until one week after returning to work. Employers who do not contribute to employees' health care premiums may not request documentation.	Not specified	see How to Apply - refer also to 4/19 Order above	A Hiring Entity is only permitted to request that a covered individual submit a self-certified statement, asserting that leave was used for PHEL purposes.	Not specified	Hiring Entities may require oral or written verification for leave exceeding three consecutive days, except during a civil emergency proclaimed by a public official in response to COVID-19. The request must be made in a manner that does not result in an unreasonable burden for the worker, or intrude upon the worker's privacy. The worker must be allowed at least 10 days to provide such verification.
Employer Offset	- If an employer already provides the paid leave necessary to meet the Rules, then the employer does not need to provide additional leave. However, if an employer does not already provide enough paid sick leave to comply with these rules, it will have to provide additional paid sick leave to meet the rules' requirements. - Also, if an employee already exhausted any paid leave allotted by the employer, but then has flu-like symptoms and is being tested for COVID-19 or is under instructions from a health care provider to quarantine or isolate due to a risk of having COVID-19, he or she is entitled to the additional paid sick days the Rules provide	Consistent with FFCRA (29 C.F.R. 826.160(a),(b)); see also FFCRA FAQ #32): - HFWA-required leave must be provided in addition to leave under an employer policy that existed prior to April 1, 2020, and an employee may first use HFWA-required paid leave before using any other leave under an employer policy that existed prior to April 1, 2020. - Compliance can be through a paid leave policy not limited to COVID-19 that an employer adopted on or after April 1, 2020, if it (A) provides the same quantity and pay rate of leave as HFWA, for all situations HFWA covers, and (B) lets employees take HFWA-required leave even if they already used their leave under the policy for other purposes (e.g., a vacation or a non-COVID-related health need). - Additional guidance may be found in Interpretive Notice & Formal Opinion (INFO) #6A (Notice link below).	- Employees may only use PHEL concurrently with or after exhausting other company, federal (including FFCRA) or district entitlement. - If used concurrently, the employer may reduce the payment under emergency leave by the amount provided by other paid leave. - If an employee elects to use PHEL after exhausting other paid leave, the employer may reduce the number of hours of PHEL by the number of hours of paid leave taken under federal or District law or the employer's policies. - Nothing in this section shall be construed to require an employer to provide an employee with PHEL for more than 2 full weeks of work, up to 80 hours. If an employee exhausts PHEL and subsequently informs the employer of a continued need to be absent from work, the employer shall inform the employee of any paid or unpaid leave to which the employee may be entitled pursuant to federal or District law or the employer's policies.	- Leave is in addition to any other leave to which the employee may be entitled, but may be deducted from leave for the employee's own health needs provided under FFCRA's Emergency Paid Sick Leave Act (EPSLA)(5102(a)(1)-(3))	- EPSL is separate from other accrued paid time off - Covered individuals who are entitled to leave under FFCRA from a specific Hiring Entity, are not entitled to PHEL from that same Hiring Entity. - Hiring Entities may require PHEL to run concurrently with public health emergency paid leave or paid sick time provided by federal or state law unless such federal or state law prohibits the concurrent use of paid leave. A Hiring Entity must provide additional PHEL to the extent the this law's requirements exceed the requirements of the other laws. - If a Hiring Entity's existing policy provides an amount of paid sick leave that satisfies or exceeds the requirements of this law, and can be used for the same reasons and under the same conditions, the Hiring Entity is not required to provide additional paid leave.	- For Full-Time workers (as defined above) employers must substitute this paid leave with any other paid sick leave provided (including WA statutory paid sick leave) if that leave is immediately and similarly available.	- Hiring Entities may subtract the amount of compensation provided to a gig worker for other paid leave used for purposes covered under this ordinance between October 1, 2019 and July 13, 2020
