Cannot be requested	Employer may require a doctor's note or other documentation	An employer may not require a doctor's note or other documentation for the use of Emergency Paid Sick Leave, except as certification of an underlying health condition	An employer may request the basis for SPSSL; provided, however, that a doctor's note or other documentation is not required.	An employer may request the basis for SPSSL; provided, however, that a doctor's note or other documentation is not required.	An employer may request an employee to identify the basis for requesting Public Health Emergency Leave, but may not require the disclosure of health information or other documentation (including but not limited to a doctor's note)	Not specified	An employer may request information supporting an employee's request for Supplemental Paid Sick Leave, as provided in the FFCRA or in the applicable regulations or guidance issued by the United States Department of Labor.	Only specifies that for an employee or family member instructed to isolate "a written note from a medical provider is not required".	An employer may request the basis for SPSSL but may not require employees to furnish a doctor's note or other documentation.
Employer Offset	- SPSSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave), but is not in addition to any leave provided under Executive Order N-51-20 (for food sector workers) or SPSSL provided under similar federal or local law - that time may be counted toward entitlement under this law. - A Hiring Entity may not require an employee to use any paid or unpaid leave or time off prior to or instead of SPSSL. - If a Hiring Entity already provides a covered worker with a supplemental benefit, such as supplemental paid leave, that is payable for the reasons covered by and at the same or a greater level of compensation as this law, then the Hiring Entity may count the hours of the other paid benefit or leave towards the total number of hours of SPSSL that the Hiring Entity is required to provide to the employee. - For non-food sector workers - if a Hiring Entity already provided supplemental paid leave between March 4, 2020, and the effective date of this section for the reasons covered under this law but did not compensate the covered worker in an amount equal to or greater than the amount of compensation required under this law, the Hiring Entity may retroactively provide supplemental pay to the covered worker to satisfy the compensation requirements, in which case those hours may count towards the total number of SPSSL required.	- SPSSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave), but is not in addition to any leave provided under Executive Order N-51-20 (for food sector workers) or SPSSL provided under similar federal or local law - that time may be counted toward entitlement under this law. - A Hiring Entity may not require an employee to use any paid or unpaid leave, paid time off, or vacation time prior to or instead of SPSSL. - If a Hiring Entity already provides a covered worker with a supplemental benefit, such as supplemental paid leave, that is payable for the reasons covered by and at the same or a greater level of compensation as this law, then the Hiring Entity may count the hours of the other paid benefit or leave towards the total number of hours of SPSSL that the Hiring Entity is required to provide to the employee. - For non-food sector workers - if a Hiring Entity already provided supplemental paid leave between March 4, 2020, and the effective date of this section for the reasons covered under this law but did not compensate the covered worker in an amount equal to or greater than the amount of compensation required under this law, the Hiring Entity may retroactively provide supplemental pay to the covered worker to satisfy the compensation requirements, in which case those hours may count towards the total number of SPSSL required.	- Employees do not need to exhaust sick leave or other accrued leave prior to using SPSSL. - An employer's obligation to provide paid supplemental sick leave benefits under the ordinance may be reduced for every hour an employer provided an employee with paid leave in an amount equal to or greater than the ordinance's requirements, not including previously accrued hours, on or after March 4, 2020, for any of the purposes described in the ordinance or in response to an employer's inability to work due to COVID-19. - If an employer has a paid leave or paid time off policy that provides a minimum of 160 hours of paid leave annually, the Employer is exempt from any obligation to provide supplemental leave pursuant to this Order for the Employee that received the more generous paid leave. Both of these points still apply under the February 10 Order.	- An employer's obligation to provide 80 hours of Supplemental Paid Sick Leave is reduced for every hour an employer allowed an employee to take paid leave in an amount equal to or greater than the Order's requirements, not including previously accrued hours, on or after March 4, 2020, for the reasons outlined above or in response to an employer's ability to work due to COVID-19. - If an employer has a paid leave or paid time off policy that provides a minimum of 160 hours of paid leave annually, the Employer is exempt from any obligation to provide supplemental leave pursuant to this Order for the Employee that received the more generous paid leave. Both of these points still apply under the February 10 Order.	- SPSSL is in addition to any paid time off available to an employee under the California Paid Sick Leave law. - However, if an employer provided additional paid leave for COVID-19 related purposes ("Voluntary COVID-19 Leave"), above and beyond an employer's regular or previously accrued leaves (e.g., sick or personal leaves), the obligation to provide SPSSL is reduced for every hour an employer allowed an employee to take the Voluntary COVID-19 Leave on or after March 31, 2020. - Employees are entitled to no more than 80 hours of Supplemental Paid Sick Leave under either FFCRA or this Ordinance for the entire period beginning March 31, 2020, and has fallen below 80 hours of accrued paid leave as of May 12, 2020, the employee may use those leave hours as a credit against the number of SPSSL hours required by this section. - If an employee is entitled to leave hours pursuant to Executive Order N-51-20 (now codified by AB1867), the employer may use those leave hours as a credit against the number of SPSSL hours required by this ordinance. OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSL ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employer was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	- Employees may elect to use EPSL before using any other leave the employer provides voluntarily or per the pre-existing Oakland Paid Sick Leave law. Employers cannot require employees to use other leave before they use COVID-19 EPSL. - Time provided under FFCRA's Emergency Paid Sick Leave Act may be credited against Oakland EPSL obligations. Emergency Ordinance time provided prior to 1/1/21 under Oakland EPSL, FFCRA, CA State EPSL (AB1867) or any similar COVID-19 EPSL legislation may be credited. - The obligation to provide EPSL does not apply to any employer (1) Provides employees with the ability to accrue at least 160 hours of paid personal leave, if: a. each employee has immediate access to at least 80 hours of leave after May 12 for uses the EPSL ordinance requires; and b. any employee who used paid personal leave before May 12 and has fallen below 80 hours of accrued paid leave as of May 12, be provided additional leave to bring his or her paid personal leave balance up to 80 hours, to be used for purposes the EPSL ordinance requires. OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSL ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employer was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	- SPSSL is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSSL. - If an employer granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020, specifically for use for COVID-19 related matters, the employer may use those leave hours as a credit against the number of SPSSL hours required by this section. - Employees that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- SPSSL is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - PHEL is in addition to any paid time off an employer offers or provided employees on or before April 17. - However, an employer's obligation to offer PHEL may be reduced for every hour the employer allowed an employee to take paid time off for reasons consistent with those outlined under the ordinance on or after February 25, 2020, not including any previously accrued hours. - Employees that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave. Effective 2/11/21: Emergency Ordinance 21-20 removed the requirement that employers must permit employees to use (i.e., be paid for) PHEL for hours they are not scheduled to work.	- Employees may, but are not required to, use other accrued paid time off before using PHEL. - PHEL is in addition to any paid time off an employer offers or provided employees on or before April 17. - However, an employer's obligation to offer PHEL may be reduced for every hour the employer allowed an employee to take paid time off for reasons consistent with those outlined under the ordinance on or after February 25, 2020, not including any previously accrued hours. - Employees that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave. Effective 2/11/21: Emergency Ordinance 21-20 removed the requirement that employers must permit employees to use (i.e., be paid for) PHEL for hours they are not scheduled to work.	- Does not apply to any combination that provides its employees with some combination of Paid personal leave (at least equivalent to the Paid Sick time required by this Ordinance, if such employer provides some combination of paid personal leave less than the Paid Sick time required by this Ordinance, the employee must comply with this Ordinance to the extent of such deficiency). - Guidance/opinion letter: Employees covered by the Ordinance are required to provide, on the Ordinance effective date, at least the number of paid sick leave hours required by the Ordinance, regardless of paid sick leave accrued or used by the employee prior to the effective date. The employer must provide the amount of sick leave hours needed to bring the employee up to the total hours required by the Ordinance. Effective 1/1/2021: Same as above, plus: - An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses the paid sick time under this ordinance.	- This ordinance is intended to provide additional COVID-related paid sick leave beyond what an employer normally provides. - Does not apply to any employer that has provided its employees, as of July 7, 2020, with some combination of paid personal leave at least equivalent to the paid sick time required by this ordinance for a COVID-related leave. An employer that provides some combination of paid sick leave less than the paid sick time required by this chapter is required to comply with this chapter to the extent of such deficiency. - To the extent that federal or state law requires employers to provide paid leave or paid sick time specifically related to COVID-19, employers may substitute leave under the federal or state law for its obligations under this ordinance to the extent those obligations coincide and the relevant federal or state law permits such concurrent use of paid leave; provided, however, that employers shall be required to provide additional paid sick leave under FFCRA, AB 1867 (CA State SPSSL), Cal/OSHA regulations and the original Sonoma County Ordinance, as well as any substantially similar COVID-19 paid sick leave legislation that may be enacted in the future, against this Ordinance's requirements. Effective 2/9/21: Employees may credit the total COVID-19 paid sick leave hours already provided under FFCRA, AB 1867 (CA State SPSSL), Cal/OSHA regulations and the original Sonoma County Ordinance, as well as any substantially similar COVID-19 paid sick leave legislation that may be enacted in the future, against this Ordinance's requirements.

Employers	All employers in specified industries (expanded 4/3 and 4/27)	All employers to which FFCRA's EPSLA does not already apply	All employers except the federal government	Any employer with 50-499 employees that is not a health care provider	"Public accommodation facilities"; hotels, casinos, bed and breakfasts, and other facilities offering rooms and areas to the public in return for monetary compensation	All employers	All employers ("Hiring Entities") Please refer to the law text for the full definitions of Employer and Hiring Entity	Employers with 50 or more employees	Food production employers operating orchards, fields, dairies, fruit- and vegetable-packing warehouses, meat and seafood processors and packers, certain farm labor contractors, and other specified industries	"Hiring Entities" operating as Food Delivery Network Companies or Transportation Services Companies who hire 250 or more "gig" workers worldwide
Eligible Employees	All employees of employers in specified industries	All employees not currently covered under FFCRA's EPSLA who are unable to work or telework	All employees working in CO (as defined in C.R.S. §8-4-101), excludes those subject to the federal Railroad Unemployment Insurance Act	All employees employed for at least 15 days	All employees	All employees under quarantine order who cannot telework	All "covered individuals" working within the geographic boundaries of the city for at least 40 hours/week for one or more Hiring Entity who are not covered under FFCRA's EPSLA and who cannot work or are not "reasonably able" to telework. "Covered individuals" include employees and other individuals such as pool/pier diem healthcare workers, home healthcare workers, domestic service workers, and those who work for food delivery or transportation networks. Please refer to the law text for the full definitions of Covered Individual and Employee. Terminated individuals are eligible for reinstatement of available leave time if rehired within 6 months.	Employees unable to work or telework who: (a) are working for an employer subject to the Ordinance within the City of Pittsburgh after December 9, (b) normally work for an employer subject to the Ordinance within the city but are currently teleworking from any other location as a result of COVID-19, or (c) work for an employer subject to the Ordinance from multiple locations or from mobile locations, provided that 51% or more of the employee's time is spent within the city.  COVID-19 Sick Time must be made available to employees employed by the employer for 90 days prior to the need for leave.	Food production workers, including domestic workers (including those living in WA), seasonal or migrant workers as defined by the federal Migrant and Seasonal Agricultural Worker Protection Act (MSPA), and foreign workers lawfully present in the US to perform agricultural labor or services on a temporary or seasonal basis. Workers do not need to be classified as employees to be covered. Excludes workers covered by FFCRA.	All individuals performing "gig" work in the city  Amended effective September 13 by Ord. No. 126123 to exclude any gig worker considered to be an employee of a Hiring Entity subject to the city's Paid Sick and Safe Time Ordinance (Seattle Mun. Code Ch. 14.16). The Hiring Entity is responsible for providing paid time in accordance with the PSST law.
Collective Bargaining Agreement Exception	Not specified	CBA providing equivalent or more generous paid leave supersedes law	A CBA that already provides "equivalent or more" paid leave, is exempt from other HFWA requirements, as long as the ways the CBA differs from HFWA would not diminish employee rights to "equivalent" paid leave. CBAs effective or renegotiated after HFWA's effective date must expressly waive the law's requirements, as well as provide equivalent or more generous leave.	Not specified	Not specified	Not specified	Provisions may be waived in CBA but only if (a) the waiver is explicitly expressed, (b) the CBA provides comparable benefits, and (c) the agreement is in effect contractually. CBA terms must be implemented bilaterally.	Not specified	Not specified	Not specified
Benefit - time available	Two calendar weeks (up to a maximum of 80 hours). If the employee was not going to work during all two weeks, the employee is paid for those days he or she actually would have worked. If the employee receives a negative test result before the end of two weeks, the paid leave ends.	FT: 80 hours Other: 2-week average	FT: 80 hours Other: The greater of (1) the amount of hours the employee is scheduled to work in a 14-day period, or (2) the average number of hours the employee usually works during a 14-day period  - Employees can use this supplemental leave immediately upon the declaration of the Public Health Emergency (PHE), until four weeks after the end of the PHE. - Employees are eligible for this leave once during the entirety of a PHE, even if the PHE is amended, extended, restated or prolonged.	FT: 80 hours Other: 2-week average	- Up to 3 days of paid time off to undergo testing and await testing results, and additional paid time with documentation of a delay in testing. - Employees who receive a positive diagnosis of COVID-19 must be allowed at least 14 days off, 10 of which must be paid  January 20 guidance states that employees are entitled to COVID-19 Sick Leave for up to three mandatory or precautionary orders of quarantine or isolation issued by an authorized government agency. In addition, an employee not otherwise subject to a mandatory or precautionary order of quarantine or isolation who has been removed from the workplace by the employer due to exposure concerns must continue to be paid at his or her regular rate of pay until the employer permits the employee to return to work or the employee becomes subject to a mandatory or precautionary order of quarantine or isolation. If the latter, the employee will be entitled to COVID-19 Sick Leave for the period of time he or she is subject to the mandatory or precautionary order of quarantine or isolation.	- 10 or fewer employees nationally w/inet income <\$1M: job protection for duration of quarantine order, then DBL/PFL - 11-99 employees nationally, or 10 or fewer w/inet income >\$1M: 5 paid days, then DBL/PFL; job protection for duration of order - 100+ employees nationally: 14 paid days; job protection for duration of order.  January 20 guidance states that employees are entitled to COVID-19 Sick Leave for up to three mandatory or precautionary orders of quarantine or isolation issued by an authorized government agency. In addition, an employee not otherwise subject to a mandatory or precautionary order of quarantine or isolation who has been removed from the workplace by the employer due to exposure concerns must continue to be paid at his or her regular rate of pay until the employer permits the employee to return to work or the employee becomes subject to a mandatory or precautionary order of quarantine or isolation. If the latter, the employee will be entitled to COVID-19 Sick Leave for the period of time he or she is subject to the mandatory or precautionary order of quarantine or isolation.	- 40+ hours/week: greater of 80 hours or the average hours worked over a 14-day period, to a maximum of 112 hours - <40h/wk: 14-day average - Variable schedule: average wages per day over the 6-month period preceding the declaration of the public health emergency, including wages for time on any type of leave, multiplied by 14. Expected hours/wages at time of hire should be used if the individual did not work during such 6-month period.  - PHEL may be used in the smaller of hourly increments or the smallest increment that the employer's payroll system uses to account for absences or use of other time. - A covered individual may use all or a portion of PHEL at any time during the public health emergency and for one month following the conclusion of such emergency. - For covered individuals working for more than one Hiring Entity, a centralized system for tracking and payment will be developed. Until then, the individual is entitled to leave from each Hiring Entity in accordance with the requirements above. - The maximum 112 hours of PHEL is available each time a new public health emergency is declared, or when a second declaration is made for the same health concern more than one month after the original public health emergency has ended.	- Requiring accrual of sick leave under the city's Paid Sick Days Act (Pittsburgh Code Chapter 626) is suspended if an employee's otherwise permissible sick time use request arises directly from COVID-19.  - The following amounts of COVID-19 Sick Time must be provided to employees without any waiting period or accrual requirements, once they have been employed by the employer for the previous 90 days. - 40+ hours/week: 80 hours - <40 hours/week: 14-day average hours the employee regularly works or is scheduled to work - Variable schedule: number of hours equal to the average number of hours that the employee was scheduled over the past 90 days of work, including hours for which the employee took leave of any type. - Employees may designate a higher limit than those specified above. - Time may be used in the smallest increment the employer's payroll system uses to account for absences or use of other time. - Employees may use COVID-19 Sick Time until 1 week following the official termination of the public health emergency.  - Employees may continue to require receipt of sick time on an accrual basis for all other permissible requests for use of Sick Time under the Paid Sick Days Act.	FT or scheduled to work at least 40 hours in the 2 weeks preceding leave: 80 hours PT or scheduled to work fewer than 40 hours in the 2 weeks preceding leave: the number of hours normally scheduled during a 2-week period or, if the worker's schedule varies, 14 times the average number of hours worked each day in the period preceding leave.  - Method must be filed with OLS by July 27, 2020. - Workers may carry over at least 9 days from one year to the next.	For workers who began working for the hiring entity before July 13, 2020, hiring entities may calculate PSST entitlement in one of two ways: (1) 1 day of PSST for every 30 days worked beginning the later of October 1, 2019 or the commencement of work; or (2) Proving at least 30 days of PSST as of July 13, 2020, following which workers will accrue at least 1 day of PSST time for every 30 days worked after July 13.  - Method must be filed with OLS by July 27, 2020. - Workers may carry over at least 9 days from one year to the next.

Documentation	Employers may require documentation, but only as consistent with what the Family and Medical Leave Act (FMLA) permits and with the additional limitation that the employee be allowed to provide the documentation (1) upon return from leave, and (2) in the form of his or her own written statement instead of documentation directly from a healthcare provider.	Supporting documentation may be requested, consistent with FFCRA requirements.	Employers may not require documentation.	Employers may request "reasonable" certification for absences of three or more consecutive working days. When certification is requested, the employee is not required to provide it until one week after returning to work. Employers who do not contribute to employees' health care premiums may not request documentation.	Not specified	see How to Apply - refer also to 4/19 Order above	A Hiring Entity is only permitted to request that a covered individual submit a self-certified statement, asserting that leave was used for PHEL purposes.	Note: The Paid Sick Days Act allows for documentation to be requested for absences in excess of 3 days.	Not specified	Hiring Entities may require oral or written verification for leave exceeding three consecutive days, except during a civil emergency proclaimed by a public official in response to COVID-19. The request must be made in a manner that does not result in an unreasonable burden for the worker, or intrude upon the worker's privacy. The worker must be allowed at least 10 days to provide such verification.
Employer Offset	- If an employer already provides the paid leave necessary to meet the Rules, then the employer does not need to provide additional leave. However, if an employer does not already provide paid sick leave to comply with these rules, it will have to provide additional paid sick leave to meet the rules' requirements. - Also, if an employer already exhausted any paid leave allotted by the employer, but then has flu-like symptoms and is being tested for COVID-19 or is under instructions from a health care provider to quarantine or isolate due to a risk of having COVID-19, he or she is entitled to the additional paid sick days the Rules provide	Consistent with FFCRA (29 C.F.R. 826.160(a),(b); see also FFCRA FAQ #32): - HFWA-required leave must be provided in addition to leave under an employer policy that existed prior to April 1, 2020, and an employee may first use HFWA-required paid leave before using any other leave under an employer policy that existed prior to April 1, 2020. - Compliance can be through a paid leave policy not limited to COVID-19 that an employer adopted on or after April 1, 2020, if it (A) provides the same quantity and pay rate of leave as HFWA, for all situations HFWA covers, and (B) lets employees take HFWA-required leave even if they already used their leave under the policy for other purposes (e.g., a vacation or a non-COVID-related health need) - Additional guidance may be found in <b>Interpretive Notice &amp; Formal Opinion (INFO) #6A</b> (Notice link below).	- Employees may count an employee's accrued but unused HFWA paid sick leave toward this entitlement. Also, per Wage Protection Rules: For the entire duration of a public health emergency, employers: 1. are required to permit employees to take both (a) HFWA time accrued prior to the declaration of the public health emergency for any of the applicable qualifying reasons, and (b) the amount of Public Health Emergency leave provided to the employee on the date of the declaration of the public health emergency; 2. remain subject to the minimum HFWA paid sick time accrual requirements; and 3. must permit an employee to use the full amount of Public Health Emergency Leave prior to using any of their time previously accrued under HFWA if the employee requires leave under circumstances that qualify for leave under both accrued HFWA leave and public health emergency leave. If an employee uses all available paid time off for non-HFWA-qualifying reasons (e.g., vacation), additional HFWA leave need not be provided, except that if a public health emergency is declared after an employee uses some or all available paid time off for the applicable benefit year, the employer must supplement the employee's current total of accrued, unused leave in accordance with Public Health Emergency Leave requirements.	- Employees may only use PHEL concurrently with or after exhausting other company, federal (including FFCRA) or district entitlement. - If used concurrently, the employer may reduce the payment under emergency leave by the amount provided by other paid leave. - If an employee elects to use PHEL after exhausting other paid leave, the employer may reduce the number of hours of PHEL by the number of hours of paid leave taken under federal or District law or the employer's policies. - Nothing in this section shall be construed to require an employer to provide an employee with PHEL for more than 2 full weeks of work, up to 80 hours. If an employee exhausts PHEL and subsequently informs the employer of a continued need to be absent from work, the employer shall inform the employee of any paid or unpaid leave to which the employee may be entitled pursuant to federal or District law or the employer's policies.	- Leave is in addition to any other leave to which the employee may be entitled, but may be deducted from leave for the employee's own health needs provided under FFCRA's Emergency Paid Sick Leave Act (EPSLA)(5102(a)(1)-(3))	- EPSL is separate from other accrued paid time off	- Covered individuals who are entitled to leave under FFCRA from a specific Hiring Entity, are not entitled to PHEL from that same Hiring Entity. - Hiring Entities may require PHEL to run concurrently with public health emergency paid leave or paid sick time provided by federal or state law unless such federal or state law prohibits the concurrent use of paid leave. A Hiring Entity must provide additional PHEL to the extent the this law's requirements exceed the requirements of the other laws. - If a Hiring Entity's existing policy provides an amount of paid sick leave that satisfies or exceeds the requirements of this law, and can be used for the same reasons and under the same conditions, the Hiring Entity is not required to provide additional paid leave.	- COVID-19 Sick Time is in addition to any paid leave or sick time provided by the employer or pursuant to the city's Paid Sick Days Act, and an employee may choose to use COVID-19 Sick Time before any sick time under the Paid Sick Days Act. - An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses COVID-19 Sick Time, unless state or federal law requires otherwise. - Employees may substitute COVID-19 leave under federal or state law or any company policy adopted after March 13, 2020, for its obligations under this Ordinance to the extent they provide equivalent benefits. Employees are required to provide additional COVID-19 Sick Time to the extent that the requirements of this Ordinance exceed the requirements of the law or the employer's policy.	- For Full-Time workers (as defined above) employers must substitute this paid leave with any other paid sick leave provided (including WA statutory paid sick leave) if that leave is immediately and similarly available.	- Hiring Entities may subtract the amount of compensation provided to a gig worker for other paid leave used for purposes covered under this ordinance between October 1, 2019 and July 13, 2020
